Dodici colori, una collezione Colours che permette infinite combinazioni di design consentendo la massima personalizzazione.

EN The Colours collection conceived by DB Studio (Decoratori Bassanesi Studio), an internal research and development group of Decoratori Bassanesi, is a porcelain stoneware line that combines a refined design with 12 different shades that can be used individually or in combination with all our collections. In fact, thanks to its chromatic variety, Colours can be perfectly matched with the other collections of Decoratori Bassanesi as a floor or wall covering, such as: Brush, Pin, Shades, Linea, Bonbon, Imprint, and Segments. Twelve colours make a Colours collection that allows for infinite design combinations and maximum customization.

DB Studio

IT DB Studio (Decoratori Bassanesi Studio) corrisponde al gruppo interno di ricerca e sviluppo di Decoratori Bassanesi: oltre a coordinare tutte le ricerche in fase di laboratorio, progetta esso stesso alcune delle collezioni, nella fattispecie Trax, Seeds e Luci di Venezia. Si tratta di un gruppo "aperto" e sempre pronto a collaborazioni con color designer, decoratori, progettisti.

DB Studio porta costantemente avanti una ricerca interna al marchio che arricchisce e completa le collaborazioni con i decoratori e i designers che di anno in anno selezioniamo per progettare le nuove collezioni.

EN DB Studio (Decoratori Bassanesi Studio) is the internal R&D group of Decoratori Bassanesi. In addition to coordinating the workshop stage of all research projects, the group also designs some of the studio's collections (in this volume, Trax, Seeds and Luci di Venezia.) It is an "open" group, always ready to collaborate with colour designers and interior decorators.

DB Studio is constantly hard at work on internal brand research to enrich and expand their collaborations with the decorators and designers selected throughout the years to design new collections.
